# New upgrade Strong warm air curtain machine

"Special hot air curtain machine for opening a store to block cold invasion"

- PTC heater
- Dual modes of natural and hot air
- Remote control, manual Dual control
- Strong warm air
- Pure copper motor
- Aluminum alloy wind turbine

**PTC ceramic heater Assisting in heating**

High heating efficiency, allowing you to feel warm and pleasant comfort

**HOT CURTAIN**

## Hot curtain circulation for warmth preservation

Equipped with air conditioning to create a unique heat curtain effect, energy-saving and environmentally friendly

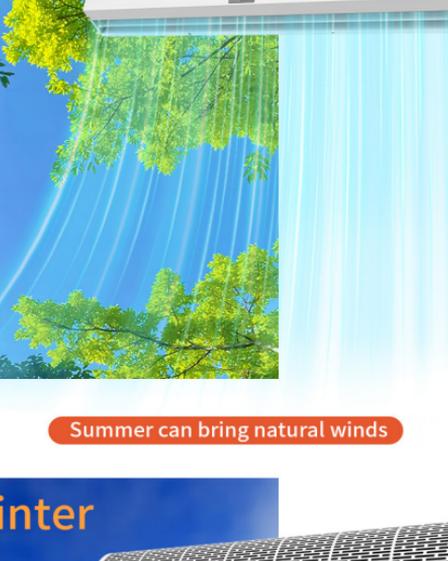

## Strong wind isolation and blocking

A strong wall that effectively insulates, insulates, prevents dust, mosquitoes, and odors. No need to touch doors or curtains to effectively reduce cross bacterial infections

## 120 aluminum wind wheel is more durable

Durable, high-temperature resistant, and long service life

## Manual and remote control More convenient to operate

Two control methods make remote control convenient for you

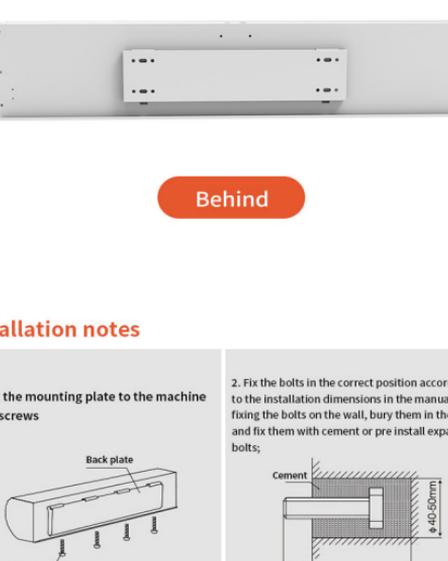

## High end and low end wind power

As the wind increases, the temperature will also gradually increase with the wind

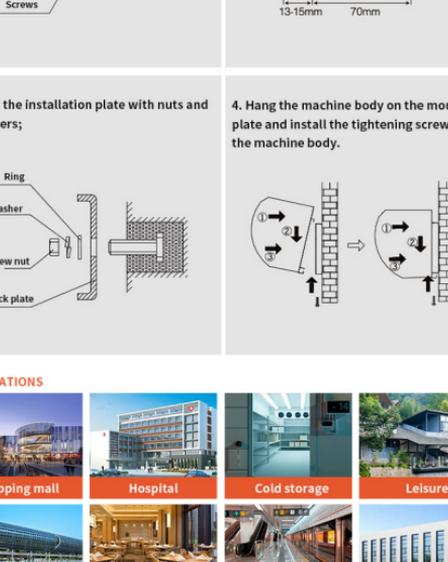

8m/S Low range

11m/S High-grade

## Summer can bring natural winds

## Winter Strong warm air can be turned on in winter

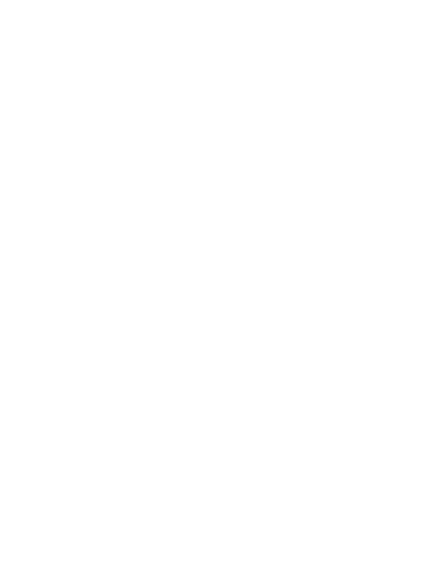

### Product parameters

Model	HFM-3506 RY-A	HFM-3509 RY-A	HFM-3512 RY-A	HFM-3515 RY-A	HFM-3518 RY-A
Rated voltage	380/220V	380/220V	380/220V	380/220V	380/220V
Rated frequency	50Hz	50Hz	50Hz	50Hz	50Hz
PTC Power	150kw	156kw	178kw	207kw	250kw
Power	3.5kw	6kw	8kw	10kw	12kw
Wind speed	6-9m/s	6-9m/s	6-9m/s	6-9m/s	6-9m/s
Air volume	900m <sup>3</sup> /h	1300m <sup>3</sup> /h	1800m <sup>3</sup> /h	2200m <sup>3</sup> /h	2700m <sup>3</sup> /h
Noise	50db	55db	57db	58db	60db
Weight	9.5kg	12kg	15.5kg	19kg	22.5kg
